**\*\*Continuing Professional Development 6 hrs\*\***

Australian Curriculum General Capabilities | Organising Elements | Personal & Social  
Capabilities Critical & Creative Thinking | Ethical Behaviour

**NESA Accredited**

Course title :Decoding Autism/Asperger's behaviours through  
sensory awareness

"Nelle's workshop was  
one of the best I have  
attended.

Her anecdotes and  
meltdown  
simulation really  
connected with me and  
helped give me insight  
into the way someone  
with Autism feels every  
single day.

Autism is an area in my  
job that I have always  
been fascinated about  
and eager to learn as  
much as possible so that I  
am better able to support  
students that I work with.

I sincerely thank you Nelle  
for your honest and  
engaging workshop. I was  
engaged from  
beginning to end and  
have been singing your  
praises to anyone  
that will listen. I also love  
the resources that you  
have shared too. Keep up  
the fantastic work that  
you do."

- RG, Campbelltown. Teacher

www.aspergerchild.com

Nelle and her husband have been a life saver for us she educated my whole family and she is amazing! I can't say enough good stuff about All the programs and support they have offered. They are just angels that understand.

- Jenni Stokes, Parent

### Why Teachers should attend:

- Learn simple techniques and strategies that are easy to apply across your whole classroom
- Recognise sensory related behaviours and action before behaviour escalates
- Evolve your communication style to maintain flow and be autism friendly

### Why Health Professionals should attend:

- Strategies to gain trust and establish rapport with your Autistic clients
- Techniques to successfully support your autistic clients across the lifetime
- Learn how to make your practice 'sensory friendly'

### Why Support Workers should attend:

- How to increase fun, enjoyment, safety and capacity for clients
- Learn how to apply proven strategies across a variety of environments
- Understand how Autistics view and process the world across the lifetime.

### Why Families should attend:

- Understand how to support your child's behaviour through their sensory needs
- Foster your child's trust as you advocate for their needs
- Reduce anxiety in your relationships to promote a happy and fun family unit.
