

Sensory Detective Workshop Autism Training

**FOR TEACHERS, HEALTH PROFESSIONALS,
SUPPORT WORKERS, FAMILIES**

PRESENTED BY NELLE FRANCES

Provides a detailed description of individuals with Autism, including profiles on the neurology, biology, cognitive processing, perception differences and learning styles of those with AS.

You will learn specific techniques for dealing with challenging behaviours and meltdown and how to de-escalate situations with students and clients with AS.

The training includes Nelle's high-impact Sensory Detective Workshop - an interactive exercise that allows you to look at Autism from the inside out! You will learn first-hand that the response to sensory stimuli influences all behaviour, emotional development and academic progress of those with AS.

OUTCOMES

- deep understanding of Autism
- in-depth knowledge of characteristics
- knowledge of common biological traits in AS
- in-depth knowledge of physiology of meltdowns
- recognise sensory agitation
- link sensory issues + all behaviour
- ability to establish accommodations / differentiations

You'll learn how to become a 'Sensory Detective' to decode behaviour.

The day concludes with a brief look at iPad apps.

Continuing Professional Development 6 hours

Australian Curriculum

General Capabilities | Organising Elements | Personal & Social Capabilities
Critical & Creative Thinking | Ethical Behaviour
